

# DYE UPDATE

July 20, 2018

Dear Friends and Family,

Greetings to each one of you in the name of Jesus, our Redeemer.

This summer has been a continuous flow of projects to complete in the hangar. We have accomplished three Annual/100 Hr inspections. Two fixed wing Cessna 206's and one Robinson R66 Turbine helicopter. We just had another one of our student missionary pilots get his commercial add-on in flying the R66 Helicopter! Woohoo!!

Kim and I were surprised to hear that our son, Austin, acquired a better paying job back here in Tucson, AZ. This job will give him more experience than the other job of changing tires, filling fluids and working long night shifts. This new occupation allows him to service the entire aircraft, including engines and will give him much needed experience as a novice aircraft mechanic. Another great benefit to us is having both of our kids in-state again, hopefully, we will see them more often as it thrills our hearts to be around them. We are so grateful to the Lord for providing our children's necessities by giving them careers, a place to live and decent health.

Rooms at our mission guest house are continually being reserved for the many visitors coming and going which keeps the hostess team extremely busy but grateful for the facilities to accommodate travelers.

The different churches here in the valley have put on Vacation Bible School. Kim was in charge of preparing the snacks that correspond with the Bible point and verse to the 18 plus children who attended Valley Bible Church. I went to the Friday night program and was certainly blessed by the wonderful sing-spiration that the children performed for their parents. Please pray that God would show Himself real to these children and that they would come to put their trust and faith in Christ, the only One who can save, and learn to walk daily with the Lord.

The end of February, we had our Aviation Exposition displaying the aircraft in our main hangar which brought about a remarkable turnout. It was excellent exposure for believers of many churches in the area. We even had a couple of our missionaries role play in ethnic attire to bring the village scene to life and allow the visitors the reality of sitting in a hut trying to learn a language and display correct cultural interactions. It emotionally moved people in regard to how complex and involved the task is of church planting among un-reached people groups!

Our ministry here at ETHNOS360 Aviation enables our team of pilot/mechanics flying on various fields to carry out the provision of transportation for those missionaries living in remote, far-reaching places, fulfilling the Great Commission of Church planting. That is why Kim and I are excited about what we do here because we know that God is using us as instruments of clay to build His Church. Thank you for your participation in our ministry! Thank you for the part that you have in reaching the community around you and in the uttermost parts of the world by being involved through praying, giving and going.

Alex returning from check ride for license

Larry posing with our missionary, Jeff.

Jeremiah and Julie Diedrich  
Destination: Brazil

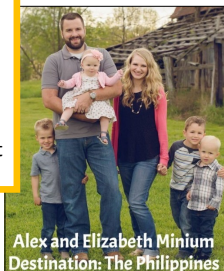

Frank and Jacklyn Ruscio

Nathan and Emily Williams  
Destination: SE Asia

Four families have finished training and more are headed our way in August

Alex and Elizabeth Minium  
Destination: The Philippines

## Ways to get involved in our ministry:

1. Praying for Larry and Kim Dye in their ministry with ETHNOS360 reaching the unreached people groups around the world in remote locations with the tools of Aviation.
2. Giving by going to [www.ethnos360.org](http://www.ethnos360.org) and click on the Give tab to check out the different ways to donate.

Note: Checks can be made out to "Ethnos360" designated for the ministry of Larry & Kim Dye and sent to the address below. Any donation will receive a tax-deductible receipt.

Support Address: Ethnos360, 312 W 1st St., Sanford, FL 32771-1231

Serving together for God's glory,

*Larry & Kim*
