

December 2018

Dear Friends and Family,

Immanuel—God with us—THE greatest gift ever given to mankind. Humbly coming to earth knowing that He would be the ultimate sacrifice to pay our redemptive ransom. ⁵ Let this mind be in you, which was also in Christ Jesus: ⁶ Who, being in the form of God, thought it not robbery to be equal with God: ⁷ But made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men: ⁸ And being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross. ⁹ Wherefore God also hath highly exalted him, and given him a name which is above every name: ¹⁰ That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth; ¹¹ And that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father. (KJV) It's our privilege to serve missionary teams around the world who proclaim this marvelous celebrated event to the many Ethnic language groups. Even as God is working abroad, He is also completing His work in our hearts in many aspects of our daily lives. His graciousness towards us never ceases to amaze us. We count it a Joy to serve the King of kings and Lord of lords. Thank you for your part that makes it possible for us to continue our humble part to further the Lord's work.

Larry — has 2 more missionary trainees this semester added to the roster of prior students. We enjoy interacting and learning from these super knowledgeable couples. They seem to get younger each semester. :) In the last weeks, in between work, Larry has been helping his dad reroof their house which has been a significant undertaking. God has provided other guys and Austin who have lent some valuable hours towards the project. Larry is wondering whether or not roofing should be considered a legitimate workout program or to never roof again, is the debate of the day! :)

Learning how to make an Indonesian dish with friends

Kim — actively manages the guest facilities at Ethnos360 Aviation. She and her team are looking forward to some days off over the Christmas holiday. She takes pleasure in hosting or participating in ladies' events, contributing to community and team unity!

Kim's Dad continues to recuperate from open heart surgery. It's been a long journey for Gary as he still does therapy to regain strength and normal health. Please continue to pray for full recovery.

Alicia — finds herself working in the HR department at a company in Tucson, which is giving her the needed experience for her future resume. She lives in a studio apartment and has a small furry friend to keep her company...can you guess? A female Corgi that she received from a friend last Christmas.

Austin — returned to Arizona from Wisconsin on July 5th. He thoroughly appreciated his time with relatives but left his job in Wisconsin for an aviation outfit in Tucson that provides him with better overall experience on aircraft than removing and replacing components. He lives in the Tucson area and works as an aviation mechanic on aircraft for a skydiving company.

Remembering the Prince of Peace,

The Larry Dye family
