

Dear Brother & Sisters, **Merry Christmas 2018**

A blessed Merry Christmas to you! "Behold, the Lamb of God, who takes away the sin of the world!" (John 1:29) Jesus was the gift to the world for our salvation and He is the gift coming again to earth to rule and reign and be our King forever! He came as a babe to be our Savior and will come as Judge to be our King! So come Lord Jesus!

By now in years past, you would have already received a Christmas card from the Lewis' but this year the card maker, has been sick and has been very behind! So please accept this as our "Christmas/New Year" letter! ☺

We've been in Tucson over two years and being close to two of our children and Lisa's parents and one of her brothers had been very special for us. We went to visit our son, Michael and our daughter in love, Tiana... in Spokane, for Thanksgiving! It was such a special gift from them as they paid our way to go! We had such a wonderful time, except for getting sick, again! ☹ They just recently bought a 74 year old home and are working hard to fix it up. Kevin was able to help get their washing machine hooked up and their dryer and help with a few other things. Lisa helped in the kitchen and we broke in their brand new oven and stove, making our Thanksgiving meal. We are so very happy for them and we made some great memories till the next visit.

Kristine continues to work as a surgical nurse and is always on the go. Lee has to rent out his home and move in with his sister for a while. He is looking for another engineering job, meanwhile working in construction with exterior building metals. We enjoy our time being together and having them close is a real blessing!

This is our third Christmas in our home, and though we love it and are so thankful to God for it was and hold it loosely as we long for our heavenly home where moth and rust don't corrupt and where thieves cannot break in and steal. Our Heavenly Home, that is not made with 'human hands' and will never be taken away from us! ☺ For some reason we keep thinking His return is closer than ever...yet we praise God that we get to invest in the eternal things that matter...people!

This year seems to have flown by so quickly, we just barely got used to writing 2018 and soon we shall be trying to remember that it's 2019! We hope you have a blessed Christ centered celebration and a great start to the New Year, trusting God to use us as 'lights' in this dark world! He always keeps His promises, so let's expect Him to work through us and finish working in us! We send our love and we desire His best in your lives! Hugs and warm wishes and His joy, peace and love...His gifts to you!

Kevin and Lisa Lewis
