

2019 seems to be like the old song "I've been Everywhere". As we wrote before, we started in Colombia, SA and from there we have been to Bellevue, Covington Virginia, Coeburn Virginia, Hallie Kentucky, Princeton West Virginia, Owosso, Houston Texas, Oscoda, Manton, Jackson, Beulah, Summit Illinois and Morton Illinois. We are so thankful for the many opportunities that the Lord has given us. Every place has been encouraging. Please pray that the Lord will continue to challenge hearts. We are looking forward to an Easter break before we are back on the road.

With the Jackson Bible Institute consolidating into Waukesha, we have been looking at the need to be closer to the Jackson area and the southwest side of the state of Michigan. Pray with us as we look at the possibility of relocation. Moving is never easy but may be necessary to meet the needs of churches in a wider area. We, of course, will continue to represent Ethnos360 in eastern and northern Michigan as well as Indiana and Ohio.

Please pray:

For Wayumi Expedition this summer, that God would raise up young people to go.

For summer and fall ministry opportunities

For Wayumi leaders conference in the fall on October 21-23.

In the last few days we have received the sad news that our fellow missionary Wayne Goddard was shot by armed men who entered his home in Paraguay,. He died later at the hospital. Please pray for the Goddard family in Paraguay.. Those who were with us on the 2000 team will remember that we were with Wayne in the Ava. PRAY for laborers to replace this faithful missionary.

Dan and Kathy Stokes recruiting for the unreached.
