

In one weekend, thanks to our wonderful family, we made the move from our little house on Hollyhock Dr. in Camdenton, MO to the NTM (Ethnos360) Missionary Training Center in Roach, MO --- just seven miles away. We've exchanged our city noises like sirens and motorcycles and downshifting trucks for winding, gravel roads and motor boat engines, mingled in with laughter from the children playing

in the water! We love our little apartment and the beautiful view we have of the lake right out our front room window! How blessed we are to be on this beautiful campus! It's like being in a huge park! Paul's office is just a hundred yards away and Starr and Matt are practically right next door to us, so it's super convenient being close to them! In the picture at the bottom of the page we are on the right side of the building and they are on the left. Right now the two smaller apartments dividing us are empty. This transition has been super easy and we have felt "at home" from minute one! We KNOW that is all God's grace! Thank you for praying for us!

Classes start TOMORROW! I wish you could visit and experience some of the excitement and preparation for the new semester that's about to begin. The campus has come alive, after a long hot summer. The 44 new students have arrived along with the other "upper classmates" and the staff are geared up for the beginning of a new semester. A lot of "transitioning" is taking place on this campus right now and we covet your prayers for all involved. Paul is freshening up his power point for the six hour History module he will give next week. He wasn't

able to do it last year as he was in the middle of his Chemo treatments, so he is especially feeling the need to "get back in the groove"!

This aerial view is only one side of the campus, and it's where all the student housing is along with many staff. The property extends off to the right and we

have our own cove on the lake, so there is a LOT of space for the 84 students and 110 staff (some staff live off campus) --- There is wonderful space for the 50 school age children and 37 pre-school!

Thank you SO very much for your financial support! Never, NEVER do we

take it for granted and we are humbled

as we experience DAILY the

faithfulness of God for our every

need! This move is a big help to us

financially and physically! We would

love to be able to give another couple of

years if we can and please know that

your support makes this possible! We

could never do this without you, our

team, standing with us!

We pray that this finds you enjoying sweet fellowship with the Lord! God richly bless you!

Paul and Faith Wyma
